

Fix, Learn, and Connect at Community Repair!

Got an electrical appliance in need of a little TLC? Join our Community Repair sessions, where you'll inspect, diagnose, and repair your item with the help of our team — no experience needed, just bring your curiosity and willingness to learn.

About This Event

Here's how it works: Booking ahead is not required but repairs are first-come, first-served. Plan to stay for your repair — we'll guide you through the process step-by-step. Some repairs are quick fixes, but others may take hours or require multiple sessions. **Please allow at least 45 minutes.**

We currently focus on portable electronic appliances. While we can fix lots of stuff, there are limitations! Please check the list before bringing things for repair: <https://www.fixingfactory.org/community-repair>

IMPORTANT: No sessions will take place on Saturday 31st May and Saturday 21st June. Before attending please double check the Fixing Factory will be open by visiting: <https://www.fixingfactory.org/visit-hackney>
