

After dark bat walk and survey at Abney Park

Join Abney Park's ecology group for an after dark bat walk and survey at Abney Park.

About This Event

Take a walk with us around Abney to look and listen out for the bats that fly and feed in Abney at night. Our guide, Angela Clare, will lead the way, sharing bat facts and showing you how to use special detectors to identify what kind of bats are flying. Please bring your own bat detector if you have one, and dress for the weather and uneven ground. Bring a torch if you can. Any bats we spot will be recorded for the Bat Conservation Trust's Sunset Survey - something you can do at any time in your garden or any open space. This is a fee paying event. You can book by visiting: <https://abneypark.org/upcoming-events/evening-bat-walk-24-june-sdxn2-f583a>

Accessibility Information

Meet at the Abney Park entrance on Stoke Newington High Street, 5 - 10 minutes before the start time. Late entry will not be permitted as the gates are
