

Community Coffee Morning at PEER

Spend time with the gallery staff at PEER and attend a introduction talk for PEER's latest exhibition The Goal of Our Health.

About This Event

PEER's coffee mornings are a great opportunity to meet others living and working in the local area and to find out what is happening locally.

There will be refreshments and PEER director Fiona Al-Hamdan, Peer Gallery and Communications Assistant, will give an introduction to our current exhibition, 'The Goal of Our Health' by artist Alexis Kyle Mitchell. And a screening of Alexis' work, 'The Treasury of Human Inheritance' will start at 9am. Refreshments are provided!

Accessibility Information

PEER is wheelchair accessible, however there are no accessible toilets onsite. The nearest accessible toilets are located at Shoreditch Library (opposite PEER)
