

# RIO CINEMA SCREENING: Love and BasketBall + Director Filmed Intro and Discussion

The Rio are offering £5 tickets to Hackney Circle members to celebrate the 25th anniversary screening of LOVE AND BASKETBALL

## About This Event

The Rio Feminist Film Programming Group x Corrina Antrobus presents a 25th anniversary screening of LOVE AND BASKETBALL with a recorded introduction from director Gina Prince Bythewood and a post-screening discussion with Corrina Antrobus.

LOVE AND BASKETBALL is a tender coming of age story about the weight of a Black woman's ambition against her desire for love. With Bythewood's compassionate, lived-experience lens, Monica is complex, flawed and determined upending the stereotype of the typical romance heroine.
