

Air Pollution and You - Hackney Circle Consultation Event

Your chance to give your views on a new Action Plan being developed by the Council aimed at improving air quality

About This Event

You are invited to join a discussion with Hackney Council about air pollution and what can be done to help tackle it.

Come along to find out what the air quality is like in your area and how to access live data at any time. Council officers will be there to answer your questions and provide information on ways to reduce pollution, as well as tips on how to avoid it.

You will also be asked to give your views on a new Action Plan being developed by the Council aimed at improving air quality.

This is a great opportunity to have your say and help shape a healthier future for Hackney. We look forward to seeing you there!
