

Picturehouse Silver Screen: The Mastermind

A weekly curated programme of screenings from Hackney Picturehouse for Silver Screen members.

About This Event

This week's Hackney Circle Silver Screen film is The Mastermind

Screening on 6th November at 15:40.

A witty, jazzy, and richly rewarding tale of high art and lowlifes, set in a gorgeously recreated '70s Massachusetts, Kelly Reichardt (First Cow, Certain Women) puts her own carefully-crafted spin on the heist movie with The Mastermind, starring a never-better Josh O'Connor. In another acclaimed turn from La Chimera and Challengers' leading man, O'Connor is JB Mooney, a listless suburban father with his eyes on some easy money and a newly-developed taste for stealing art. Pulling together a ragtag crew for a daring daylight raid on a local gallery, he has the perfect plan. Or so he thinks.

Tickets for over 65s start from £8.99 with a Silver Screen Membership.
