

Urban Gardening Project (Celebration Event!)

Are you green finger ready? Rosetta Arts is running a series of intergenerational gardening projects.

About This Event

Rosetta Arts is hosting urban gardening sessions in collaboration with the Aspire Ambition Achievement Charity. The sessions merge gardening with nature-inspired art workshops, fostering a deeper connection with nature while learning new skills in both artistic expression and gardening techniques. Rosetta Arts aim to cultivate a lasting legacy within the community, exemplified by a charming garden nestled within St Luke's church grounds. Rosetta Arts is a Newham based arts organisation that runs creative wellbeing projects. **This date will be the celebratory event.** Refreshments will be available.
